Greg,

My wife and I would like to thank you for all your efforts in making this project smooth and stress free. The first time I met you, you appeared to be very quiet and easy going. What I call a man that makes actions speak louder than words. In my life I have over 35 years of experience in the building industry. Twenty years (20) retired as a manager for N.Y.C. Transit Authority Building Division, Ten years (10) as a general contractor in Long Island, N.Y. and five years (5) in new home construction in Las Vegas, NV. I would recommend T.G. DeMille Construction without hesitation to anyone for new construction, remodeling and any home repairs. Greg your work ethic exceeds any contractor I have ever known or worked for. You are a perfectionist in every phase of construction from site preparation to projects completion. The most important thing to me is that you care and that you want to please your clients, and in return I believe it pleases you. Once again on behalf of my wife and I, thank you for all the Highest Quality of Workmanship, and always keeping an open mind throughout the entire project. But most of all, for me, keeping me anxiety free, which is not an easy thing to do.

Sincerely,
